Online Admission Process

Online Admission is aimed at developing an online admission process for an institution. This system is an online process that can be accessed throughout the organization and outside as well with proper login provided.

Online Payment

With Internet Payment rising as one of the most user-friendly payment helps parents to pay fees instantly & securely at their convenience.

Mobile App

The Mobile App (Android +iOS) helps parents to access their all activities of child's academics. It helps parents to connect with Institutions community anytime, Anywhere & pay fees online.

Biometric+RFID

The Biometric (thumb, RFID & Face) tracks employees/Students Time & Attendance. It provides the best biometric systems with flexible remote connectivity integrated with payroll. This system serves the needs of security & beneficial for time management.

SMS & Whatsup Integration

The message alert helps to instantly communicate with parents about their ward's attendance, fees, result, notices & homework. Institution can also schedule single/bulk SMS. The SMS is a reliable & cost effective solution with pre-defined & custom template facility.
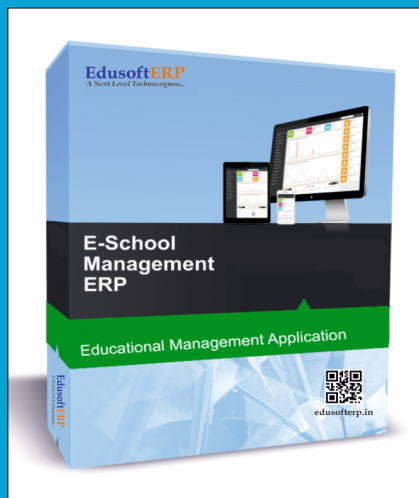

Online Examination Process

Online Examination Process is useful to check problem solving, analytical, decision making ability of the individual and many more features we can customize as per your requirements. It is essential to have aptitude quotient of the person above average level. It is a Multiple Choice Questions

VTS

The VTS System will managed your buses. Track your vehicle location at any time from the convenience with mobile application from their exact location to their stoppage points, their complete route & their speed statistics
